"CTP training has already changed my life, I've been doing wrong my whole life. I've never had a job. This is the most work I have ever done coming out of prison. I had to make some adjustments and CTP is most definitely the best thing that's ever happened to me. I am here to get a trade and become a hardworking man so I can provide for my family."-Kendale F. (Laborer's Union Member)

"Thank you for this opportunity. I am crying here! I can finally help take care of my family. Thank you..."-M.W.

"I am here because I am tired of my life. I want a better and different life and working towards that one step at a time. I want to work hard and achieve my goals...to finally achieve stability in my life and make my kids proud of me...allow me to be a productive member of society."-Timothy E. (shared that he was without shelter for many years. He is soon to become a journeyman!)
